

Dear Hiring Team,

RE: Internship Application

I am writing to express my interest in an internship position in your IT department in your organization. I am a student pursuing a Bachelor of Information Technology at the Co-operative University of Kenya.

I am a self-driven learner with a genuine commitment towards growing my technical and professional skills in the field of Information Technology. I am purposing to utilize the four-month academic break between May and August 2025 for attachment to gain practical skills at your organization before continuing with my fourth year of study.

In my academic life I have familiarized myself with various concepts tools and technologies. These range from programming languages such as C++, C, JavaScript and Java, database management systems using MySQL, an understanding of computer networks, web development with knowledge about HTML, CSS, JavaScript also interacted with React framework. I've also been drawn to the concept of cybersecurity with understanding of the common threats, authentication and best practices to ensure systems and network security.

I am impressed by Wenamax company as it aligns with my passion and interest in providing solutions and solving problem for people using technology and being an ideal environment to learn, grow and contribute to innovative projects.

I look forward to hearing from you. Thank you for your consideration.

Sincerely,

Vincent Ndereba Ndubi.
